Claim to Actionable Fame for Environmental Conservation

Elucidate the Claims to your Fame for Environmental Conservation as a School Community in the following format

The Institutional Take/Understanding of **Environmental Conservation as a Way of Being as espoused by Sri Krishna Himself** having a profound Local Impact leading upto Global Ramifications.

This is more of a philosophical mission statement which is practiced in vivid forms at the School Campus and beyond by the School Community of Faculty, Students and their Families.

How does the aforesaid take/understanding manifest itself at the School Campus in particular? **Action is all what counts when it comes to the Order of Sri Krishna.**

Give as many evidences as possible by inserting corresponding weblinks to photos/videos/brochures etc.

How does these **Best Practices at the School Campus** manifest further **at the homes** of Faculty & Students? How are they monitored and incentivized?

Give as many evidences as possible by inserting corresponding weblinks to photos/videos/brochures etc.

What collective influence and impact does the School Community and the Campus has on the **Immediate Neighborhood** when it comes to Environmental Conservation?

Give as many evidences as possible by inserting corresponding weblinks to photos/videos/brochures etc.

In what all ways and forms has the **Collective Intellectual Might** of the School Community helped in the influencing of a Policy or a Practice at a higher level of Governance - from Local to Global?

Give as many evidences as possible by inserting corresponding weblinks to photos/videos/brochures etc.
